Certificate of Analysis

Description of the Material:

(a) Product Name: HIC HPLC analysis buffer B
(b) Chemical Name: 0.1M sodium phosphate, pH 7.0
(c) Product Number: CM02025.2
(d) Appearance: clear solution
(e) Amount: 200 mL, 400 mL, 800 mL

Material Code and Batch Number:

(a) Lot Number: S273.S1.0102E

Specifications and Results:

Tests	Specification(s)	Results
Appearance (Turbidity)	Clear	pass
Appearance (Color)	Colorless	pass
pH (at ambient)	7.0 (±10%)	pass
Molar concentration of phosphate	0.1 (±10%)	pass

Intended use: For research and development use only.

Hazard information: not a hazardous material.

Shelf life, Storage condition and Expiration date: The compound is stable at RT. Recommended to store the product at 2–8 °C.

Date of analysis: January 03, 2025
Expiration Date: January, 2030
